### Declaration of participation and commitment in EIT Culture & Creativity

Upon joining the Association, the applicant will become a partner of the EIT Knowledge and Innovation Community (KIC) in the Cultural and Creative Sectors and Industries (EIT Culture & Creativity), an institutionalised European Partnership initiated and funded by the European Institute of Technology and Innovation (EIT). In this regard, the Association and EIT Culture & Creativity GmbH, as the KIC Legal Entity representing EIT Culture & Creativity, have entered or will enter into the Partnership Agreement (PA) with the EIT, establishing a long-term cooperation laying down the general terms and conditions under which EIT Culture & Creativity shall operate as institutionalised European partnership.

In accordance with Articles 1 and 5.3 PA, the provisions of the PA and its key principles of, *inter alia*, good governance, including, among others, good conduct, openness and transparency as well as anti-fraud and diversity must be transposed in the legal and operational arrangements of the EIT Culture & Creativity in order to ensure that the EIT Culture & Creativity partners endorse and implement the PA and cooperate in a coordinated and integrated way and work towards reaching the objectives set out in the Strategic Agenda of EIT Culture & Creativity.

The provisions of the PA are transposed in the Articles of Association (AoA) and the By-laws of the Association, as well as other internal policies (such as the Code of Conduct) which together form the Internal Agreements of EIT Culture & Creativity in accordance with Article 5.3 PA. The PA and the respective Internal Agreements are published on EIT Culture & Creativity's website (LINK TBC). Thus, upon joining the Association, the applicant is bound as member of EIT CC e.V. and EIT Culture & Creativity Partner to the relevant provisions of the PA as transposed in the Internal Agreements.

In the event that a member is in breach of its obligations under the PA as transposed in the Internal Agreements, the Association may decide to exclude a member from the Association.

**NOW, THEREFORE the applicant hereby declares as follows:**

The applicant acknowledges that they have full knowledge of the Partnership Agreement, the AoA, the By-Laws, as well as any other Internal Agreements and rules of the Association binding for the members.

The applicant hereby confirms that they will comply with the AoA, the By-Laws, the Partnership Agreement, any other Internal Regulation, the decisions of the bodies of the Association and any further internal rules of the Association, each as applicable from time to time, once they become a member of the Association.

The applicant agrees to endorse and implement the obligations, terms and conditions of the Partnership Agreement and the Internal Agreements, to cooperate with the Association and EIT Culture & Creativity GmbH as KIC Legal Entity in a coordinated and integrated way, and to fully support the Association and the KIC Legal Entity in all its tasks under the Partnership Agreement, and work towards reaching the objectives set out in the EIT Culture & Creativity's Strategic Agenda, once they become a member of the Association.

The applicant hereby acknowledges that the Association reserves the right to not admit this application in case that the requirements of the Partnership Agreement, the Articles of the Association the By-Laws or other Internal Agreements are not fulfilled.

\* Rejections of the membership application will be made in written form indicating the objections and reasons for such rejections to enable the applicant to either overcome the obstacles of the rejection or to lodge an appeal against the rejection according to sect. 4.4. of the Articles of the Association.
