Q2. ELIGIBILITY

Q2.1. Who can apply for the EIT Culture & Creativity Acceleration and Post-Acceleration Programmes

The programmes are open to **start-ups, scale-ups, and SMEs** active in the Cultural and Creative Sectors and Industries (CCSI), including:

- Fashion
- Architecture
- Cultural Heritage
- Audio-Visual Media
- Gaming

Eligible applicants must:

- Be legally registered in an EU Member State or a Horizon Europe-associated country.
- Have a tested business model or product (minimum 2 years old) with proven market fit.
- Comply with the European Commission SME definition (fewer than 250 employees, turnover ≤ €50 million or balance sheet total ≤ €43 million).

Q3. EVALUATION CRITERIA

Q3.1. How are applications evaluated ?

Projects impact is measure based on Key Performance Indicators (KPIs) outlined in the call guidelines.

Applications are evaluated on three main criteria:

- 1. Excellence**
(Clarity and feasibility of business model and innovation potential.)
- 2. Impact**
(Expected contribution to the CCSI ecosystem and investment-readiness.)
- 3. Quality and Efficiency of Implementation**
(Team capabilities and execution plan.)

Each criterion is scored from **1 to 5 points**. Applications need at least **13 points out of 25** to be considered for selection.

Top-ranked ventures are admitted until each cohort's capacity is reached. Others may be placed on a **reserve list** or rejected.

Q4. BUDGET & FINANCIAL SUSTAINABILITY

Q4.1. What is the Financial Sustainability Mechanism (FSM) and what are Virtual Shares?

Selected ventures must sign a **Financial Sustainability Mechanism (FSM)** agreement, the core of which is a commitment to **Virtual Shares**.

What are Virtual Shares?

Virtual Shares represent a future commitment to transfer an equivalent of a **5-10% stake (virtual, non-voting)** to EIT Culture & Creativity. They do not give EIT CC ownership or control but entitle it to a financial return if the company succeeds (e.g., during a future investment round, acquisition, or IPO).

Benefits for Ventures:

- Continued access to the **EIT CC "100 To Watch" list**, enabling post-programme support.
- Access to **market-entry services**, investor introductions, and mentorship long after the programme ends.
- Alignment of EIT CC's success with the venture's success — creating a genuine **long-term partnership** rather than just a short-term grant relationship.

Q5.1. What is the definition of a SME in this call?

- SME – Small and medium enterprise: Defined by EU recommendation 2003/361 based on staff headcount and either turnover or balance sheet total: Medium enterprise: <250 staff, ≤€50 million turnover or ≤€43 million balance sheet; Small enterprise: <50 staff, ≤€10 million turnover or balance sheet.
